

**NOTICE:       ANNOUNCEMENT OF AVAILABILITY OF DRAFT WASTEWATER  
DISCHARGE PERMIT**

**PERMIT NO:** WA-002113-0

**FACILITY:**     City of Granite Falls  
                  Wastewater Treatment Plant  
                  500 West Wallace  
                  Granite Falls, Snohomish County

The City of Granite Falls Wastewater Treatment Plant has reapplied for a National Pollutant Discharge Elimination System (NPDES) permit in accordance with the provisions of Chapter 90.48 Revised Code of Washington (RCW), Chapter 173-220 Washington Administrative Code (WAC), and the Federal Clean Water Act.

The City of Granite Falls Wastewater Treatment Plant presently operates an activated sludge – oxidation ditch treatment plant which is designed to handle an average/maximum daily flow of 0.414 million gallons per day. The wastewater, following treatment, must meet the requirements of the Washington State Water Pollution Control Act and applicable regulations for a permit to be issued. Following evaluation of the application and other available information, a draft permit has been developed which would allow the discharge of treated municipal wastewater from the City of Granite Falls Wastewater Treatment Plant into the Pilchuck River.

A tentative determination has been made on the effluent limitations and special permit conditions that will prevent and control pollution. A final determination will not be made until all timely comments received in response to this notice have been evaluated.

**PUBLIC COMMENT AND INFORMATION**

The draft permit and fact sheet may be viewed at the Department of Ecology (Department) website: [http://www.ecy.wa.gov/programs/wq/permits/northwest\\_permits.html](http://www.ecy.wa.gov/programs/wq/permits/northwest_permits.html). The application, fact sheet, proposed permit, and other related documents are also available at the Department's Northwest Regional Office for inspection and copying between the hours of 8:00 am and 4:30 pm weekdays. To obtain a copy or to arrange to view copies at the Northwest Regional Office, please call Sally Perkins at (425) 649-7190, email at [sper@ecy.wa.gov](mailto:sper@ecy.wa.gov)

Interested persons are invited to submit written comments regarding the proposed permit. All comments must be submitted within 30 days after publication of this notice to be considered for the final determination. Comments should be sent to:

Water Quality Permit Coordinator  
Department of Ecology  
Northwest Regional Office  
3180 - 160<sup>th</sup> Avenue SE  
Bellevue, WA 98008-5452

Email comments should be sent to [tmil461@ecy.wa.gov](mailto:tmil461@ecy.wa.gov)

Any interested party may request a public hearing on the proposed permit within 30 days of the publication date of this notice. The request for a hearing shall state the interest of the party and the reasons why a hearing is necessary. The request should be sent to the above address. The Department will hold a hearing if it determines that there is significant public interest. If a hearing is to be held, public notice will be published at least 30 days in advance of the hearing date. Any party responding to this notice with comments will be mailed a copy of a hearing public notice.

Please bring this public notice to the attention of persons who you know would be interested in this matter. The Department is an equal opportunity agency. If you have a special accommodation needs, please contact Tricia Miller at (425) 648-7201 or TTY (for the speech and hearing impaired) at (800) 833-6388

Date of Publication:     September 13, 2004 (Public Notice of Draft)
